

# CREATIVE WRITING

At the RYTC, we are excited to support young talents on unleashing their creativity and passion for writing through our 5-day creative writing programme. This is perfect for young people who loves expressing their thoughts and imagination through words.

These are based on a 5 day programme of 2 hours each day., our experienced leaders will continually encourage and support each participant. We strive for full flexibility and always ensure that our

courses are participant lead, encouraging to set their own aims and goals whilst supporting them to achieve a final result that they can be proud of and have a lot of fun doing it!

These activities require a lot of concentration from a child, it is recommend to take breaks to role play their story, play a game, etc. At the end of the programme, the child has the chance to create a digital book inspired by their creativity.

## DAY 1

- Read S&R (or similar book)
- Create an idea 'mind map' for their story (ideally on a very large piece of paper/cardboard).

## DAY 2

- Go over S&R (or similar) story from the previous day.
- Use the beginning, middle, end worksheet and/or 'stories are like sandwiches' to plot the beginning, middle, and end of the read story.
- Start to create a basic beginning, middle, and end for their story.

## DAY 3

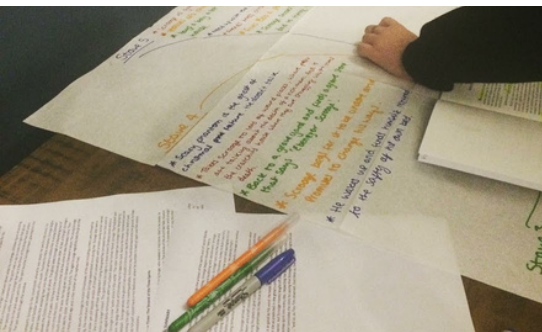

- Expand on child's beginning, middle, and end, create a timeline of events.
- Use characterisation worksheet to expand on their characters and help teach the importance of a character's features.

## DAY 4

- Consolidate timeline.
- Support writing.

## DAY 5

- Support writing.
- Create a digital book with the child's input on design, perhaps including their drawings.
